## **Dedicated to the Memory of Floyd Dau**

It is with mixed feelings of sadness and honor that we dedicate the second "Top Ten" Sale to the memory of Floyd Dau. We had hoped he would be with us, but the good Lord claimed him on April 13, 1974.

To say that we as an Association will miss him is an understatement. As a past director and president of the state Association in 1968, it was at that time that the Association really started to move. Floyd started a precedent that has been carried on by succeeding presidents. Well liked and respected by all for his well thought-out logic and just plain good honest common sense, his opinions and experience will be sadly missed by all.

Active in many civic and church events, his contributions will be missed in these fields, too. The Shorthorn enterprise was started in 1960 and one has only to visit Floyd and Scott's home and notice the many ribbons and plaques to know that it has been a successful venture. Never one to sit on past laurels, Floyd was always striving for excellence whether it was in the Shorthorn operation or in the farming enterprise. Always ready to visit with a person and give advice, he was willing to listen and learn at the same time. A great believer in helping the young breeder, many a youngster has been able to start with Shorthorns due to Floyd's generosity and faith in youth.

Those of us who knew him well, will certainly miss him sitting on a show box at the Winter Show telling jokes, his wit, humor, and good sense in his "Sideline Thoughts" in the ND Shorthorn News, and the many long, interesting visits one had with him. Perhaps most of all, we'll miss his warm handshake, smile, and genuine feeling of welcome when stopping to visit him at Dauland. Again in some small way we hope the dedication of this "Top Ten" Sale to his memory might encourage others and at the same time be a source of comfort to his wonderful family.

**NORTH DAKOTA SHORTHORN ASSOCIATION**

## **A Word From the Sale Committee**

It is with great pleasure and satisfaction that we present this 1974 "TOP TEN" sale offering to you. Again, no effort was spared in selecting the cattle for this year's sale as we have quite a reputation to live up to as last year's initial sale was the top sale of its kind in the U. S.

With the great type of females selling at premium all over the country, we are confident there will be more of the "right" kind offered here than at any other time or place. Study the pedigrees and footnotes carefully, and you will find an offering not only selected on eye appeal but also backed with generations of cattle known for size over the years. Ask the buyer of a top female or bull last year if he's not extremely satisfied with his purchase. All the consignors have made every effort to stand behind their consignments.

There are four very top young herd bulls offered this year. As you will note, they were accepted not only on pedigree and type but also on PERFORMANCE. So plan on coming to find the kind of bull you will be able to use as he could definitely be here for you.

We urge you to make every effort to be here personally, but if you are unable to do so please feel free to contact any of the Committee for any questions you might have. We will do our best to give you an honest and fair appraisal of the cattle selling. We welcome you to join us in an informal get together the evening before the sale for the leisurely inspection of the cattle and a chance to visit the consignors. The Devils Lake area has many historical and recreational facilities available, so feel free to bring the entire family for an enjoyable outing.

Again, we welcome you to what we feel will be an offering second to none. Also plan on spending some time in the area. Quite a number of the consignors' herds are within an easy hour or two from the sale.

Dear Shorthorn Breeders:

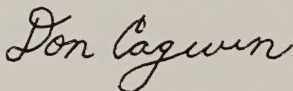

We would like to welcome you to the second Top Ten Shorthorn Sale. The North Dakota Shorthorn Association has done an outstanding job in striving to develop this sale into the top Shorthorn event of the year. The Sale Committee has been even more selective than last year in gaining consignments for this sale. We commend them and the consignors for sparing no effort to make this sale a great success. The Top Ten Sale was the top sale of its kind in the nation in 1973. After you look through the catalog, we are sure you will agree that this year's sale offering is even better.

Cattle of Milking Shorthorn parentage have been added to this year's sale offering due to their widespread popularity with the Shorthorn breeders who choose to upgrade their herds through the use of Milking Shorthorn blood. The North Dakota, South Dakota, and Minnesota region of our country has long been an area where many of the top individuals in the Shorthorn breed have been produced. It is through the continued efforts of these leading herds and a development of superior quality sales such as the Top Ten that will insure continued success of the Shorthorn breed.

We urge all progressive-minded Shorthorn breeders to attend this great sale. We hope that you plan to arrive early so that you may have ample time to view the cattle and join us for the pre-sale activities.

Sincerely,

CAGWIN CATTLE SERVICES, INC.
